

# Reduce Your Workload With Expensify and QuickBooks

Employees submit expenses without manual entry and reports are automatically checked for policy compliance. With just one click, admins can effortlessly export data to QuickBooks.

## Simplify Your Expenses

Update your manual accounting processes with Expensify and QuickBooks! Our direct integration cuts down hours of manual data entry and makes it faster than ever to review expenses, reconcile company credit cards, and close your books each month.

## Realtime Expensing with Expensify

Take the time, paper, and headaches out of your expense reports. Give every employee the Expensify app to upload receipts by simply taking a photo. Expensify SmartScans the receipts, pulling in expense data, and automatically submitting the expense for users, eliminating expense reports all together.

Admins can rest easy knowing that reports are automatically checked for policy compliance, leaving less room for human error and oversight when approving reports.

## Import QuickBooks Chart of Accounts

Our direct integration pulls in your company's QuickBooks expense accounts, customers/jobs, classes, and locations with one click, allowing users to easily organise expenses using Expensify's mobile or web app.

## Seamless QuickBooks Integration

Exporting expenses to QuickBooks has never been easier. Our direct integration enables you to export approved reimbursable expenses as bills, checks, or journal entries, and non-reimbursable expenses as credit card charges, debit card charges, or bills. Save time with Expensify's bulk export and process your entire company's expenses with one click!

## ExpensifyApproved! Accountants
